Mensik & Schmid Attorneys at Law
formerly RHM Attorneys at Law and Notary Public

Mensik & Schmid Attorneys at Law was founded in 1990 and operated as a family firm in Zurich-City till 2005. After relocating to Central Switzerland and ensuing restructuring, the firm, three years later, changed its name back again to the original Mensik & Schmid Attorneys at Law.

Our Law Firm today offers complete and professional services at our main offices in Meggen and our locations in Zurich and Prague. Additional branch offices in Zagreb and Belgrad have recently been established and are being expanded.

Over the years, we have built excellent national and international connections and networks and possess extensive, in-depth experience in dealing with both home and foreign authorities, law firms, embassies, trade associations, chambers of commerce and bar associations, particularly with respect to the Eastern EU.

Our strength and guiding principles are our comprehensive, high quality, independent legal advice and top legal representation at home and abroad.
